

## STATE OF OHIO QUARANTINED; HUNTING BARRED

CATTLE MOVEMENTS  
PROHIBITED BY RIGID  
STATE BOARD ORDER

## BULLETIN

Columbus, Nov. 14.—The state agricultural commission today issued an order placing the entire state under quarantine in an effort to prevent the further spread of the foot and mouth disease. Movements of cattle are absolutely prohibited. Hunting also has been prohibited in the entire state.

Columbus, Nov. 14.—Absolute quarantine to prevent the spread of foot and mouth disease was imposed on every county in the state today by order of the agricultural commission.

The 1914 hunting season, which was to have opened Monday, was ordered abolished. This action was taken on urgent advice of Dr. Marion Innes, federal veterinarian in charge of the government campaign against foot and mouth disease in Ohio, and of Governor Cox. Farmers organizations in parts of the state also had asked that hunting be abolished this year.

Live stock now may not be moved across the boundaries of Ohio because of the federal quarantine imposed. Movement of stock within any county, from farm to farm, or to or from stock yards, is prohibited.

The entire legal machinery of the state will be set in motion to prevent violation of the stringent quarantine orders. Attorney-General Hogan telegraphed every prosecuting attorney today to neglect temporarily ordinary business to enforce the quarantine, if this action is necessary.

Since the absolute state-wide quarantine applies to use of packing straw, or hay not harvested before August 1, it is probable that much mercantile shipping will be prevented.

State officials declared it is not improbable that meat prices will jump, since cattle may not even be sent to slaughter houses yards without special permit of veterinarian inspectors. It was announced these permits would be given sparingly. How long the quarantine will be imposed is not known.

President A. P. Sandles of the agricultural commission declared it may be on for several months. New cases of foot and mouth disease were discovered today in many communities heretofore thought free of the disease.

Hunting already had been forbidden in the 23 counties under complete quarantine, but no restriction had been placed on the sport in the other sixty-five counties. Hunters license fees of \$1, will not be refunded, immediately, but it was said to be probable that state authorities would take steps to make this refund later.

"Thousands of men who had counted on going hunting tours for the next few weeks between Nov. 16 and December 4, will be sorely disappointed," said state fish and game ward, Jno. C. Specks, today. "Vacations which have been arranged for many months would be disarranged, guns will be made temporarily useless and rabbits will be saved. Sportsmen will have to take the situation philosophically, for I think they understand the future prospect of the live stock industry of the state is at stake."

The immediate slaughter of 1,000 cattle, 800 hogs and 600 sheep in various counties was ordered by the commission Saturday. There are 600 herds suspected of having the disease which have not been inspected yet. Additional inspectors will be put on at once. Thus far less than 300 cattle and 300 hogs have been destroyed.

## State Bears Half of Loss

Insurances today were that thousands of head of live stock quarantined in Ohio in an effort to stop the spread of the foot and mouth epidemic. The state has no funds with which to pay the appraised value of these. Owners will have to await allocations of a fund by the next general assembly. President Sandles said today. The state will give each owner a slaughter permit statement showing the amount due from the state, but will not constitute a promise to pay. It was said there is no assurance, however, that the legislature will make sufficient appropriation. The other half of the appraised value is to be paid by the government, which also has no ready fund for the purpose. Governor Cox became alarmed at reports of spread of the disease while preparing to start tomorrow on a hunting trip in Kentucky. He telephoned from his home in Dayton today urging the agricultural commission not to hesitate taking drastic action if thought wise to protect the live stock industry. He suggested particularly that the hunting season be abolished.

HIGH IMPORTANCE AND ECONOMY OF PANAMA CANAL  
IS EVIDENCED BY THE TRANS-PASSAGE OF SINGLE SHIP

Washington Nov. 14.—Traffic which Panama Canal officials believed today would develop high importance recently was inaugurated when the steamer Fenith Castle, Galveston to Yokohama laden with 3,270 bales of cotton, passed out into the Pacific.

By use of the canal the steamer saved 5,280 nautical miles. The canal record estimated the time saved at 22 days, or \$6,060, on the outward voyage alone. Tolls amounting to more than \$4,000 were paid by the steamer but similar charges would have been levied had she gone via the Suez Canal, and the money saved is net gain to the owners. Whatever route might have been selected, it was stated, a balance in favor of the Panama Canal would have been shown.

Since cotton exported to Japan in 1913 was valued at \$32,573,054 and predictions are for an increased business with that country in 1915, officials believe the saving to carriers by the Panama way will insure the routing of the entire shipment hereafter through the canal.

NEW TRIAL  
IS DENIED  
LEO FRANK

Atlanta, Ga., Nov. 14. The state supreme court today refused a new trial to Leo M. Frank, convicted here August 25, 1913, for the murder of Mary Phagan. Frank's motion for a rehearing was based on the ground that his constitutional rights had been violated by reason of his absence from the court room when the jury returned its verdict.

AMERICAN RULE AT VERA  
CRUZ ENDS NOV. 23 WHEN  
U. S. ARMY EVACUATES

Washington, Nov. 14.—American rule in Vera Cruz, which was established April 21, after sharp fighting and the loss of nineteen marines and three jackets, will be terminated on November 23. Secretary Garrison today worked out plans for the withdrawal of the troops after the President and Secretary of State Bryan determined on the date for the evacuation. Mr. Bryan announced that all the Mexican factions had given assurances and guarantees requested for the Vera Cruz citizens who worked for the American government, and that marines and priests for whose personal safety the United States had made itself responsible, had left the city.

The announcement apparently came as a surprise in some official quarters, as it had generally been understood that the evacuation would not be ordered until it was determined which of the contending Mexican factions could control the city. To whom the port would be surrendered was not explained, but inasmuch as dealings hitherto have been with de facto authorities in various territories, it was suggested the city would be turned over to a Carranza agent, probably General Aguilar, the Constitutional commander in Vera Cruz state.

There had been no final decision, so far as was known, as to whom the customs collected by American officials would be paid. It was said payment might be deferred until the uncertain situation between the factions is clarified. Promises were made to the American government that the taxes would not be reimposed.

Plans for the evacuation practically were completed sometime ago, when Brigadier General Funston announced the parison of more than 8,000 troops and marines could embark on the free waiting transports within 48 hours. Orders for the return of the warships in Mexican waters would not be issued, Secretary Daniels announced, until after the army had departed from Vera Cruz. Some of the ships will be maintained on both coasts, however, to protect the interests of Americans and foreigners.

RUSSIANS GET  
BADLY BEATEN  
IN CAUCASUS

Berlin, Nov. 14. (By Wireless).—An official Turkish communication received in Berlin and given out to the press describes the final defeat of a Russian force, consisting of an entire army corps on the Caucasian border. This engagement occurred November 12. The Turkish report says that the forces of the enemy were so shattered that they were unable to offer any further resistance.

Valparaiso, Chile, Nov. 14.—The German cruisers Leipzig and Dresden which came into this port yesterday morning and spent the day in taking on provisions, sailed away this morning at daybreak.

Fighting In  
Egypt

Berlin, Nov. 13. (By Wireless Delayed).—Reports reaching Berlin from Milan, Italy, set forth that in Egypt fighting already has occurred near the Suez Canal. This information was given to the press today from official quarters.

Four wagon loads of English wounded have arrived at Cairo; the men were hurt in fighting between Suez and Ismailia. There has been a mutiny of the native troops and many well known Egyptians have been arrested.

Bountifully Laden  
Santa Claus Vessel  
Departs For Europe

New York, Nov. 14.—With more than 1200 tons of Christmas gifts from the people of America, a Santa Claus ship, the naval collier Jason, sailed today for Europe. A message of Godspeed from President Wilson was received by Lieutenant-Commander C. E. Courtney, U. S. N., shortly before sailing time. The docks, as the ship cast loose her lines, were black with thousands of school children.

The gifts that the Santa Claus ship carried were gathered from every state of the union and totaled 82 carloads. They include almost every thing from toys and dolls to clothing and food. So heavy was the rain of Christmas presents for the children of Europe that a force of 30 soldiers and 60 sailors from the navy yard was required to receive and re-pack them so that an equal distribution might be made in the several countries for which they were intended. The ship will call first at Falmouth where the gifts intended for England, France and Belgium will be discharged; then she will proceed to Rotterdam where gifts for Holland and Germany will be discharged. At a later date another consignment will go forward for the people of Russia and Poland.

FIVE TRAINMEN HURT  
ONE FATALLY, IN C. &  
O. ENGINE COLLISION

Huntington, W. Va., Nov. 14.—Four trainmen were injured, one fatally, in a collision between a freight engine and a shifter, on the Chesapeake and Ohio railroad at Paintsville, Ky., this morning.

The injured: S. R. Preston, brakeman, Paintsville, will die; J. W. Lee, conductor, Ashland, Ky., bruised about hips and head; S. B. Eggleston, brakeman, Paintsville, mashed through hips, serious; R. F. Gillespie, brakeman, Ashland, cut about head.

A dense fog obstructed the view of the train crews, and is given as the cause of the accident.

BRITISH BATTLESHIP  
SUNK OFF IRELAND'S  
COAST BY TORPEDO

New York, Nov. 14.—Runners of disaster to the British superdreadnought, the Audacious, which has perished ever since the White Star liner Olympic, diverted from her course, arrived at Lough Swilly on October 29, are confirmed in mail advices received today by the Associated Press from a point in Ireland.

After a career of less than two years, the Audacious of the King George V class, third in tonnage and armament of His Majesty's warships, lies at the bottom of the ocean off the north coast of Ireland. She was hit by a torpedo disabled by a mine just before a collision on the morning of the 27th. With the possible exception of one or two men the whole crew of 800 officers and men was rescued by small boats from the Olympic.

The rescue was made in a rough sea through driving seasickness on the part of the White Star crew. The battleship's cry for assistance was caught by the W. L. C. least operator of the Olympic, which was only about ten miles distant. The steamer rushed forward at full speed while her crew made ready for their work. Volunteers were called for and double the number necessary to man the life boats responded. The crippled battleship was reached a few minutes after 2 o'clock and before noon all her 800 men had been transferred.

By that time the battleship had a considerable list, at the stern where just below the water line she had received her wound. Two of her engines were undamaged but the one at the bow was put out of commission.

After taking off all the officers and crew who would leave the ship, Captain Haddock of the Olympic, turned his attention to an attempt to save the warship. A cable was given her, but it snapped as it tightened. Meantime, the bulkheads began to give away and it was soon apparent that it was impossible to tow the ship or keep her afloat. The engine Liverpool and several other warships which had come up stood by. Late in the afternoon it was decided to abandon the Audacious and the officers and men who had remained aboard reluctantly left her. The flotilla of rescue ships continued to stand by, however, until one o'clock this morning when a terrific explosion occurred on board and the Audacious plunged stern first and in a moment had disappeared.

The explosion is supposed to have been caused by shells not loose by the listing of the vessel. A bit of her plate torn from the sinking ship struck the deck of the Liverpool, cutting the legs from under a gunner. The man died in a short time. The Audacious met her fate 25 miles off the Irish coast which the Olympic was skirting.

Cleveland, Nov. 14. Federal Judge Clarke today overruled the motion for a new trial in the case of August Almyrsky, former editor of a religious paper who Wednesday was found guilty of white slavery. The court will pronounce sentence Wednesday.

BILLY  
BUTT-IN

Yes, I've got a hunting license. I know I've got it cause I bought and paid for it just about a month before the state Health Board put the ban on hunting. It's that old hand trick I've open't be shown when is. If it wasn't for my knowledge that there's a raft of other hunters in the same boat I'd be tempted to kick. But as it is I'll just suck the public with some weather. Thanks for tomorrow.

## ALLIES FIND COMFORT IN WAR SITUATION

Nov. 14. (2:30 p. m.)—The outcome of the Tenth of the west as noted in the official reports from headquarters is regarded as due to the fact that Germany's commanding superiority in numbers in the earlier stages of the war made progress of her forces easy and effective. Military observers here, however, take the view that Russia on one side and the armies of three nations on the other side, now having had time in which to mobilize their forces more fully, the effectiveness of this process of shifting large bodies from one theatre to the other is no longer so pronounced and that anyone of the German line on either side must mean hereafter at least a temporary assumption of the defensive on the part of the Germans and the resumption of offensive by the allies.

For the moment Berlin, according to English opinion, appears to regard the Russian menace as of paramount importance, and the transfer of troops to the front has a disposition to think that the turning point soon may be reached which will open a new phase of the long drawn battle.

The intentions of the official reports, however, are considered here as more promising from the allies' point of view and there is a disposition to think that the turning point soon may be reached which will open a new phase of the long drawn battle.

Cincinnati, Nov. 14. Morris L. Bettman, former president of the Bettman-Johnson Distilling company of this city, who was convicted several weeks ago on a charge of using the mails to defraud was today sentenced to two years in the pen by U. S. District Judge Hollister.

## THE CRUISE OF THE EMDEN.

The dash of the gallant little German cruiser Emden, is brilliantly reviewed by the Baltimore Evening Sun, which says: "Whether we sympathize with Germany or not, we must all unite in profound admiration of the brilliant record made by the cruiser Emden and her dauntless commander and crew. She has been destroyed, but her story and her spirit survive, and she takes her place by the side of the famous ships of war that have won a special place for themselves in history. The stories of the Albatross, of the Victoria, of the Ben-Hammou, Richard, salute her with many spirit guns as she rests in her haven of glory. Nelson, Semmer, John Paul Jones, welcome her to the naval Valhalla. The fighting Vikings of all the seas and all the centuries give her greeting. No wonder the Kaiser bestowed the Iron Cross on Capt. Von Muller and every member of his crew. The whole world must join him in enthusiastic praises."

This is the glowing verdict of the moment but the more deliberate judgment of history will sustain and ratify it. All the more carefully the brief but inspiring career of the Emden is studied, the more remarkable and splendid do her achievements appear. In three months she has destroyed twenty-four allied ships, two of them vessels of war, which she attacked under the protecting guns of one of their own harbors, and has defied the combined navies of her enemies to bring her to a reckoning. Seventy warships of Japan, Great Britain, France and Russia have been scouring the seas for her, and for nearly 100 days she laughed them to scorn and paralyzed Eastern commerce.

To accomplish this required a very extraordinary combination of courage, audacity, seamanship and naval genius. It is impossible to minimize or explain away the exploits of the Emden. Any attempt of this kind would be a reflection upon the capacity of her opponents. What stands out as a lesson to all students of naval operations is the remarkable resourcefulness and skill which enabled her to baffles Great Britain and all her helpers for so long a period, and to maintain on her own element the Mistress of the Seas.

One thing the Emden's career makes very plain, planner even the most carefully attacks of the German submarine, plainer than the most strenuous sea fight in South American waters, and that is that the naval navies of Germany and German seamanship are equal to those of any other nation. Great Britain can no longer claim superiority on the ocean, except in weight and numbers. Time was when a few clams or eels to meet her on the water even with the odds in their favor. But the German has shown in this war that he is as good a naval fighter as the best, and that he can be depended upon to give a good account of himself. In view of the science and dash with which the Emden was handled, we may well wonder what might happen if Germany could meet Great Britain on the sea with a fleet of vessels on absolutely equal terms.

## THE CASE OF JOHN H. ARNOLD

It is true John H. Arnold person does create on the sensitive nerves of the White House. Here he was washed on the party by a religious and political organization, known as the "Guardians of Liberty," who, without his knowledge, Catholics from being elected to office. He was allowed to run on a platform as the "O. P." wanted to get the votes of the Catholics. Now it develops that Arnold and his party were fighting R. C. Turner, candidate for attorney general on the same ticket with him. Also the "O. P." is going up that Arnold is a man of no small caliber to be brought out tomorrow, with a possible thirty or so votes, to the highest office in the state and demand is being made that he resign and take another job. The Arnold party is too much concerned of his place to do anything of the kind and is sitting tight. They've got him and they've got to keep him, they say. And why not? He was good enough to run on the ticket with Mr. Willis, he ought to be good enough for him to associate with now that they are both elected.

John H. got his commission from a majority of the voters the case as Willis. Evidently they expected him to do the best he could with the job.

Having read the Tribune's account of the case, we are sure that once convinced that one of the causes of the prohibition war was the desire of the people of the state to make sure of having the boys again next year. They were right. We have been standing on a little bit of our own and calling them in to make sense for nothing.

There was one disaster incident to the party, and that was the fact that the Tribune's account of the case was so full of errors that it was impossible to read it without laughing. The Tribune's account of the case was so full of errors that it was impossible to read it without laughing.

And so the wet and dry went on, with the same result. Well, let's come. Let's have a new state constitution, to make sure of the and of that settlement. Before we can do it, though, let's send both parties to the court to make sure of the result. It has been long enough for the case of the case.

The conclusion of the war would be an end to the holding a congress of religions. Representatives of all of them would be right on the ground in readiness to attack. Marion says:

"Do it first" is the motto of the K. K. K. members. So it is to be a little dangerous to tell the K. K. K. members that they are not to do it first. The K. K. K. members are not to do it first.

## OHIO RIVER IMPROVEMENT.

The Ohio Valley Improvement Association, which had been resting on its oars a little, in the belief that the Nine Foot Stages was as good as an accomplished fact, now finds that it relaxed a little too soon as the Ohio suffered in the general onslaught made against indiscriminate waste in the rivers and harbors bill in the last congress. Practically congress halted in the work, the appropriations being mainly for the completion of the work under way, and not planning for the starting on the new dams necessary to complete the work from Pittsburgh to Cairo.

At the recent meeting at Cincinnati the River Association decided to begin an active campaign at once to urge upon congress the importance of hastening the completion of the work that Ohio Valley products might find passage through the Mississippi and Panama canal to the Pacific coast. It is proposed to have strong representation at the next session of congress to see that important and legitimate work like that on the Ohio is not sacrificed in the general warfare against the appropriation of money for fly-by-night crooks that never had any commerce and never will have any. For one thing the government will be urged to at once acquire all of the sites for proposed dams. Then it will be urged to let the contractors for these and to push the work to completion immediately, discarding the piecemeal policy that has been followed for the past few years.

In this plan Portsmouth is vitally interested and our people should lend all the assistance in their power to the furtherance of the project. The most effective way is to get in line with the River Improvement Association and be ready to lend a helping hand whenever and wherever called upon.

Col. E. A. Crawford, of the Peoples Defender, at West Union, gets pained because the county auditor of his county called him a few names in a card published in an opposition paper. Thereupon Col. says, says he, in language force and bold, "We have no quarrel to pick with any decent Democrat, but we have a roster of a hand-picked bunch of rats whose history we will take pleasure in disclosing to the public at any opportune time." We are willing to admit that "hand-picked bunch of rats" is good. It is first class.

Warren Harding is a Hundred Thousand man. Four years ago when he ran for governor he was beaten by 100,377. This year he was elected Senator by 100,104. There's no halfway measures about W. G.

And now comes Will Ford and drops a fly in the ointment of our content. He says he went to Panama with us and then came home and got the feeling of his life when he ran for his eighteenth term as treasurer of Clay township. Having still some political ambition he wouldn't go on our trip to the South Pole next year for love nor money.

Senator Tremper said down at the Merchants' Association banquet that the pressing need of the hour in Portsmouth was an assembly building. That's easy. Why not the senator get busy and get the state to build us one? Then if there is anything left after the building is up we will take the balance and give a banquet and let the senator make us the first speech in it.

We are sure to see another wet and dry election next year on Adam's account. History shows that as Democrats get it in the neck from both sides.

One of the touching aftermaths of the recent political campaign is the solemn assurance given a worried local Republican politician by the editor of the Cincinnati Times Star that it was loyal to Governor Willis during the recent campaign. The T. S. points with pride to two editorials that appeared in its columns in Willis' favor. So there now. There's no occasion for the worried subscriber to stop his paper. The country is saved. On with the European war.

"When Roy McElbany and Charlie Urd and George Ditty got their at the job table, what will be left for the rest of us deserving patriots, as what I'd like to know," said one of the faithful as he dropped into a seat next to us on the street car this morning.

It is a pleasure to note that in the general wave of retrenchment that has hit the railroads none of the \$25,000 and \$50,000 men have suffered. The section men and the car repairers get theirs, but the palmer car builders remain intact.

Princeton, Nov. 14.—Yale defeated Princeton on the new stadium today by the score of 19 to 14. It was the first time since 1911 that a Yale-Princeton game was played to a decision.

The recent contest in the last two years have resulted in tie scores. With the score 19 to 0 in favor of Yale, Princeton played a wonderful uphill game in the third and fourth periods. She carried the ball twice down the field with irresistible force and despite the many substitutes that Yale rushed into the game scored two touchdowns and the consequent goals.

The Yale squad was first on the field shortly after 1:30 and was followed almost immediately by the Princeton cheering squad which headed by a band paraded around the field before taking its place in the section reserved for it. The Princeton team came on the field at 1:52 amidst the deafening cheers of the Tiger supporters.

It was the tortuous meeting of the representatives of Yale and Princeton. Last year's game resulted in a 3 to 3 tie, so neither team had revenge in its heart to day but was determined to win. During the first quarter Princeton was kept almost entirely on the defensive by Yale's open field attack. The Tigers' defense proved just as inadequate to this method of offensive as against Harvard's close formation plays a week ago. Princeton was forced to punt frequently and Dege was outdistanced by Leary in his punting chase. Score first period, Yale, 6; Princeton, 0.

During the first half of the second Yale completely outplayed Princeton on the offensive, using two hard passes cleverly timed with short line plunges and end runs just outside tackle. The Blues instantly forced the ball into the Tigers' territory. The Princeton defense against the ordinary line and wing tip charges at times proved sufficient to hold the lines in check. Whenever this occurred, however, Yale immediately turned in another forward or lateral pass with the result that in a majority of cases a noble first down was scored. Both touch downs came as a direct result of these wise open and closed plays.

Yale scored its second touchdown in the exchange of the third and fourth periods. Princeton's only play of the first period was a punt to the first line of scrimmage. The Princeton defense against the ordinary line and wing tip charges at times proved sufficient to hold the lines in check. Whenever this occurred, however, Yale immediately turned in another forward or lateral pass with the result that in a majority of cases a noble first down was scored. Both touch downs came as a direct result of these wise open and closed plays.

Cambridge, Mass., Nov. 14.—Harvard was held without a score by Brown during the first two periods. In the first quarter the

Grimson worked the ball 35 yards on rushing to Brown's eight yard line, where McKinlock missed a goal from the field. Brown was in Harvard's territory only once during this period but in the second drove Harvard back to the shadow of the Grimsen goal posts. The Harvard team was on Brown's 25 yard line where a fumble was captured by Gordon who took it to Harvard's 14 yard line, where he missed an attempt at a field goal. Ten minutes later another Harvard fumble gave Brown a second opportunity for a goal from the field, which also was missed.

Harvard resumed the offensive in the third period and advanced the ball to Brown's 17 yard line, where it was lost on downs. There was no other chance for scoring by either team. There was no scoring in final period, the game ending 0 to 0.

### FORECAST

Generally fair over upper Ohio valley tonight and Sunday.  
River will not change much.  
H. C. DONNALLY.

The Ohio river continues falling slowly, with only 2.2 feet recorded on the local stage Saturday morning. No packets are scheduled for Sunday. Rivermen are becoming discouraged over the continuous long spell of low water and the usual heavy Thanksgiving turkey trade to Cincinnati and Pittsburgh will be lost this year. The low water, though, has been a great help to contractors building government locks and dams.

## Architect In City

Mr. and Mrs. Albert Pretzinger motored to this city Friday from Dayton. Mr. Pretzinger is one of the best known architects in Ohio and his mission here was to look after the final estimates on the Lincoln school building. He was unable to close them as a little work remains to be looked after on this building. Mr. Pretzinger drew the plans for the local High School building.

# BRING BEAUTY TO THE HOME!

PRACTICALLY ALL OF YOUR GOOD WIFE'S LIFE; JUST ABOUT HALF OF YOUR CHILDREN'S LIVES; AND FULLY TWO-THIRDS OF YOUR OWN LIFE, MR. PEERLESS CITIZEN ARE SPENT IN THE HOME. IN YOUR OWN HOME!

Isn't it the part of wisdom, therefore, that you make this home life as happy and comfortable and pleasant as you can? Isn't it worth while to help keep the smiles upon the home faces, the wrinkles from their brow, health and happiness beaming in their countenances for yourself and everybody else in the world? Isn't that really worth while?

That's where we come into your game of life in a way to make living really worth more while---your money worth really more than its face value---furniture and household goods of greater than usual value in return for the dollars that you put into them. We are not saying this simply for its effect in making you think of us in connection with cheap bargains.

And this isn't as difficult a proposition as you have been thinking. The one big point to be kept in mind is this: Not how much but how good, not quantity, but quality, not always nominal cost but ever phenomenal value for your money. It is your money that you are spending. It represents a certain value and merits a like value in return to you for any necessity, commodity or even luxury you may need or want.

We don't have cheap bargains because we don't have to have them, and as well, because we wouldn't know what to do with shoddy stuff if we had it. We would not want to pan it off on you as good furniture, for we want to continue to have the trade of yourself and your friends---we are not going out of business tomorrow. We've been in the furniture business almost since Portsmouth was a baby.

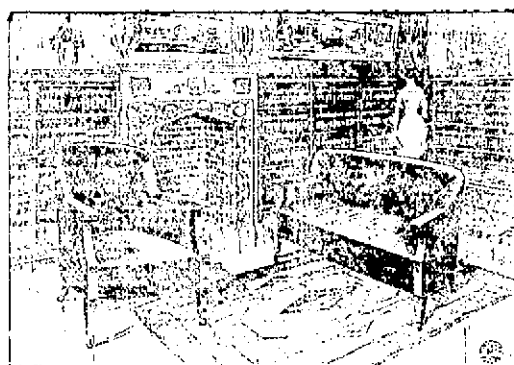

You want your money's worth, don't you, when you pay for something, whether that something is merely a go-cart for the baby or a houseful of furniture. Value for value, that's what you are after in trading; and if occasionally your received value is extraordinary you are still better satisfied. We are all of us prone to like a bargain, not taking advantage of the other fellow, but getting more than the usual worth for the money we spend.

Today our friends call ours "The Big Furniture Store." For such it really is. Scores of suits and sets and hundreds of odd pieces of furniture for dining room, bedroom, parlor, library, living room, den, nursery, kitchen, pantry, porch---hundreds of rugs of all sizes; bric-a-brac, draperies and window shades; heating stoves and ranges, etc., etc.,

# Everything For Your Home

Except the actual individual life which you must give. And because we buy in large quantities of the best of goods, whether inexpensive lines or the most luxurious, we are enabled to give you the advantage---better goods for your money and larger stocks of everything for your satisfactory selection. Whatever you may need in furniture or household goods, whether a single, small piece or a complete home outfit, we can furnish it---and everything we sell guaranteed as represented.

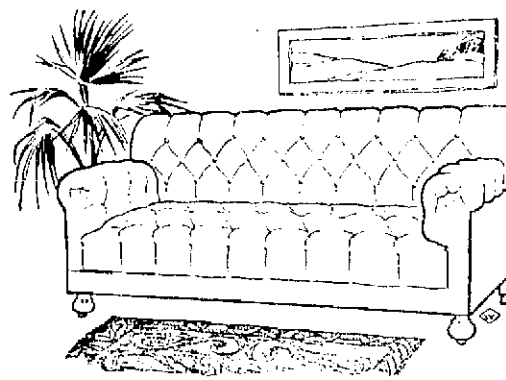

Let Us Help Make Your Home Happy-----A Home Of Cheer and Gladness

It is not too early to think of what you are going to buy for

**WOMAN IN BAD CONDITION**  
Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Montpelier, Vt.—"We have great faith in your remedies. I was very irregular and was tired and sleepless all the time, would have cold chills, and my hands and feet would be cold. My stomach bothered me, I had pain in my side and a bad headache most of the time. Lydia E. Pinkham's Vegetable Compound has done me lots of good and I now feel fine. I am regular, my stomach is better and my pains have all left me. You can use my name if you like. I am proud of what your remedy has done for me."—Mrs. Mary GATHER, 21 Ridge St., Montpelier, Vt.

An Honest Dependable Medicine  
It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for nearly forty years, and to-day hold a record for thousands upon thousands of actual cures, as has Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such remedies must be looked upon and termed both standard and dependable by every thinking person.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., (Incorporated) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

## SUNDAY SCHOOL.

Lesson VII.—Fourth Quarter, For Nov. 15, 1914.

THE INTERNATIONAL SERIES.

Text of the Lesson, Mark xiv, 53, 54, 66, 72—Memory Verses, 71, 72—Golden Text, I Cor. x, 12—Commentary Prepared by Rev. D. M. Stearns.

A few weeks ago we saw in the story of Jesus Christ and Judas Iscariot, God and the devil face to face; now we have the same Lord Jesus in the hands of His enemies and the strange conduct, or rather, misconduct, of one of His most favored disciples. All who are not saved are lost, but life came to seek and to save the lost. When our lost one is converted of sin and truly receives the Lord Jesus Christ, they become saved ones, and all such are equally saved; no one is more saved than another, for all have the same Saviour and the same salvation. Hold the experience of such as are saved is very varied, and the rewards will be according to service.

Some follow fully as did Caleb and Joshua, while some follow afar off like Peter in this lesson. Some utterly renounce the world, the flesh and the devil, while some are more or less conformed to this present evil age.

Some have no confidence in self and lean wholly upon the Lord, but others are too often self confident as Peter was when he said, "I will lay down my life for Thy sake" (John xiii, 37).

When the band of soldiers took Jesus and led Him away Peter followed Him afar off, even unto the palace of the high priest, and sat with the servants and warmed himself at the fire (verses 53, 54). The record in John xiv, 15, 16, is that Peter and John both followed of Jesus, but John being known to the high priest went into the palace, but Peter stood at the door without a till John spoke unto him that kept the door and brought in Peter.

There is growth in grace and in the knowledge of our Lord and Saviour Jesus Christ, a blessed experience, of which Peter spoke in the last verse of his second epistle (II Pet. iii, 18). There is also a possibility of a growing departure from the Lord, even in the case of a saved person, and that the saved one enter the kingdom saved by his fire (I Cor. iii, 15, 16), but according to the words of the Lord Jesus Himself it is impossible that a saved one should ever perish (John x, 28).

Peter's downward steps as a disciple seem to have been his self confidence and consequent humbling, his following afar instead of fully, his sitting in the company of the servants and warming himself at their fire, followed by his profanity and base denial. Earlier in the record we hear Peter advising the Lord not to speak of suffering, but rather to pity Himself; on other occasions he was told that he was Satan speaking from him and that he was saved of men rather than of God (Matt. xii, 22, 23). On this occasion he was again in the hands of Satan to be sifted, but our Lord had prayed for him (Luke xxi, 31, 34). Peter learned by bitter experience something of the will of the devil and therefore could write all the more forcefully, "Be sober, be vigilant, because your adversary, the devil, as a roaring lion, walketh about seeking whom he may devour, whom resist steadfast in the faith" (I Pet. v, 8, 9).

The true Christian life is the "Not I, but Christ," "Not I, but the grace of God" attitude. No confidence in the flesh, but rejoicing in Christ Jesus (Gal. ii, 20; I Cor. xv, 10; Phil. iii, 3). The company of the ungodly is no place for a child of God, and it is not for us to walk or stand or sit with them. We do not need the warmth of their fire, but by meditation on the word of God may have such a fire in us as the disciples had with whom the Lord walked to Emmaus (Lk. i, 1, 2; xxiii, 3; Luke xiv, 32). Unbelievers have a great many warning up pieces, such as the theater, the dance, the card table, and too often those who profess to be Christians, and perhaps may be found in such company and run the same risk of being led into the snare of the devil, as did Peter, O Christ, art thou not, more than all in Time I find?

We should be careful to sing the truth as well as smelt the truth, for only as we do this is it read worship.

That Peter should be ashamed or afraid to confess Christ before these servants seems pitiful indeed. I judge from his cursing and swearing that he was probably given to profanity before he began to follow Jesus, and this was a sudden outbreak of the old nature which remains in us as long as we stay in these mortal bodies and recovering which we are said to be always delivered into death (I Cor. xv, 10, 11; Rom. vi, 11). What a look of love and pity and sorrow it must have been that Jesus gave to Peter and which sent him out to weep bitterly, for he was evidently where Jesus could see him (Luke xiii, 61, 62).

It will be well for us if we would always remember that those same eyes are ever upon us, searching us through and through, and live by the will of Him that breath and smelt me (I Cor. xvi, 9; Gen. xxi, 13, 14, margin). Contrast this same Peter, spirit dead, in the presence of the high priest and the company of the ungodly (Lk. xiv, 5-13; B. 20), and let us be as John.

A few of men is an indication that the fire is not for the time being controlling us. The fear of man bringeth a snare, but in the fear of the Lord is strong confidence.

will preach both morning and evening.

This is to be made a big day for the Sunday school and church. All members should be present. Everybody made heartily welcome.

**NEW BOSTON CHRISTIAN**  
O. R. Galt, Pastor.  
Sunday school at nine o'clock. J. C. Haines, superintendent. Let everyone be on Sunday and help keep up the good work. The Sunday school attendance has been increasing a little each Sunday. Be here early and have someone with you who wants to begin coming to Sunday school. Do your duty and be there on time. Communion services follow Sunday school. Everybody should stay for the communion service. Evening preaching service at 7:30. Everybody welcome.

**PLEASANT GREEN BAPTIST**  
Rev. W. P. Chapman, Tenth and Findlay.  
Sunday school at 9:30 a. m. Mrs. Mary E. Crenshaw acting superintendent. The superintendent would like to see all scholars present, as she is planning to arrange for the Christmas exercises.

Morning worship at 11 o'clock. The pastor will preach on the subject, "Abraham's Prayer." Woman's Auxiliary at 2:30. B. Y. P. U. meeting at 6:30. Subject, "God's Purpose of Grace."

The pastor will preach again at 7:30. Subject, "The Heals of Life." Friend, put yourself on record by coming to church next Sunday.

**ALLEN CHAPEL M. E. CHURCH**  
Seventh Street  
John Irwin, Pastor.  
Sunday school at 9 a. m. Mr. Louis Minor, superintendent. We are having a rally for the Sunday school, and every member and well-wisher are expected to answer to the roll-call.

10:30 a. m. preaching by Rev. Franklin H. Mason. 2 p. m., W. M. M. Society, Mrs. L. E. White, president.

6 p. m., Christian Endeavor, Mrs. L. C. D. Anderson, president. The Christian Endeavor is a live wire in the church and every one is working as never before.

7 p. m., preaching by pastor. All are welcome to these services. The Stewards will make strangers welcome Sunday evening.

An article appeared in the October number of the "Hoy Scout" commending Mrs. Ella Scott for her excellent work in Chicago hospitals and juvenile court. Mrs. Scott is a sister of Mrs. L. E. White, the hair dresser of our city.

**FINDLAY ST. M. E. CHURCH**  
J. H. W. McCool, Pastor.  
Sunday school at 9:30 a. m. J. W. Lucas, superintendent.

Morning worship at 11. Subject, "When Faith Fails." Evening worship at 7:30 p. m. Subject, "Present Day Needs."

We are asking every member to be ready for spiritual meetings, in which many souls may be brought to Christ.

Sunday morning, at 9 o'clock, we will have early prayer meeting. You are asked to come and be with us, for this seems to be a prayerless city.

Sunday afternoon, at 2 o'clock, we will go down to Allen Chapel and attend the Mission Band, which will hold its session there.

Don't forget our rally, concluding now on Nov. 20th.

"A friendly church."

**SAGE TEA DARKENS HAIR TO ANY SHADE**  
Don't stay gray! Here's a simple recipe that anybody can apply with a hair brush.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or turned to that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out of date. Nowadays, by asking of any drug store for a 50 cent bottle of "Sage and Sulphur," you will get this famous old recipe which can be deposited upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair as naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy.

# BATTLE ON THE TOP OF A SPEEDING CAR ENDS IN SHOOTING OF WHITE MAN

A four cornered fight at 6:30 last night which was staged on top of an N. & W. coal car between Wheelersburg and Sciotoville, in which the principals were George Edwards and Joseph Bergmeyer and two unknown negroes, had a sensational climax when one of the negroes drew his gun and fired a bullet into Edwards' left side. The bullet ranged upwards and perforated five intestines, and it was stated at the Hempstead hospital Saturday morning that Edwards' condition was very serious. After wounding Edwards the negroes relieved him of his pocketbook, which according to his partner, Joe Bergmeyer, who is at the county jail, then calmly stripped him of his coat, necktie and went so far as to cut Edwards' shoes off his feet. When Bergmeyer saw that he had no chance against the negroes, who made a clean get away he jumped off the car and was badly bruised as the train on which they were riding was traveling at the rate of twenty miles an hour.

Edwards was found in an unconscious condition on the Stewart farm on which Jesse Hodge and family reside. Mr. Hodge notified Sheriff Eckhart of the affair and he in turn ordered Edwards removed to the Hempstead hospital and he was conveyed there in the Daehler ambulance.

Drs. D. A. Bernhart, J. W. Hutchens, W. W. Smith and S. S. Haldeman operated upon Edwards last night. They probed for the bullet which is lodged in the lower abdomen, according to the physicians, but they were unable to locate it. When Edwards reached the hospital his intestines were bathed in blood and he has a real battle on for his life.

According to the story told by Sheriff Eckhart by Bergmeyer, he and Edwards left Gretna, Friday and went to fronton, where they met several friends. He admitted that they had had several drinks. When Edwards suggested a trip to Portsmouth Bergmeyer says they caught an N. & W. freight train and started for this city. They met the two negroes shortly after the train passed Haverhill. Bergmeyer failed to tell a coherent story about the affair as he was greatly excited over what had happened. He said the trouble started when one of the negroes was caught in the act of trying to nip Edwards' watch. When the latter called one of the negroes rather sharply for the attempt at theft a fight ensued and in a few seconds two negroes and two white men were having a hand-to-hand battle on top of an N. & W. coal car. Bergmeyer told the sheriff that one of the negroes tried to use a knife on him.

As the train neared the Stewart farm Bergmeyer jumped off. A shot rang out and Edwards was seriously wounded. It was then that the negroes picked up the wounded Edwards and tossed his body into a field, where he lay writhing in agony until discovered by Bergmeyer and Jesse Hodge and later taken to the hospital.

Upon receipt of the news that two negroes had shot a man after relieving him of his shoes, watch and money Sheriff Eckhart got in touch with Chief McQuay and the police were given instant notice to control the North End and East Portsmouth in the hopes of regaining up the two desperadoes who perpetrated the hold-down.

Despite the vigilance of the police no trace of the assassins could be found. A number of N. & W. freight trains were searched, but no colored men were found that answered to the description of the men who shot down Edwards.

According to Bergmeyer, Edwards is about 28 years old and has been working for the United Fuel and Gas company. He has spent the past two or three years in Gretna, Ashland and Hannington. Edwards suffered a cut over the left eye and the left side of his face was bruised, giving testimony to the desperate battle he had with the two men.

Edwards is a well built, muscular young man and has a definite chance to recover.

# Modern Woodmen Are Prospering

Two new Initiates, Wesley Elgar and Clarence Finner, were initiated into membership in the Modern Woodmen of America Lodge at the regular weekly meeting of the lodge Friday evening.

Eight candidates for membership were favorably acted upon as follows: Elbert Mason, Charles Finner, Samuel Jordan, Lewis Finner, Everett Moore, William H. Brown, Howard Wilson and James Atkins. They will be initiated into the lodge at the next regular meeting next Friday evening. Arrangements are also being made to initiate a large class the second Friday night in December, when a number of the new recruits of the order will be present.

At the conclusion of the meeting the degree team, under the direction of the chanting, Earl Finner, held a short practice.

## Stolen Meat Found In The Bottoms

Seven dressed hogs and five ten-pound cases of breakfast bacon that were thrown from a meat car of an N. & W. train were found concealed in some stacked corn in the Scioto Bottoms, Friday.

Company officials who were notified, arranged to have a guard placed nearby in hopes that the robbers might appear later for the meat, but the word had become noised around so many curiosity seekers thronged about the spot that the meat had to be hauled away. The meat was part of a shipment billed to Huntington and had been thrown from the car at a point between the Black Diamond brick plant and Vera bridge.

## Men Of All Saints Invited To Class

The attention of all male communicants and adherents of All Saints' church is drawn to the fact that a Bible Class for Men, conducted by the Rector, meets in his office every Sunday morning at 9:00 a. m. The class is run on up-to-date lines and discussion of the lesson by the members forms an important feature each Sunday. If you do not belong to any similar class you will be made welcome down at All Saints' All men of the parish are particularly requested to enroll at once and those, who, owing to the fact that such a class has not been in existence at All Saints' lately, have been going elsewhere are asked to sever their connections with other organizations and attend their own church class.

## Golf Club Elects New Directors

Members of the Portsmouth Golf Club met in Attorney Will J. Meyer's office Friday evening and elected six new directors for the ensuing year. There were twelve candidates in the field and the election was quite a spirited one as it was participated in by a big percentage of the membership.

These directors were chosen: Earl Pursell, Ed T. Reed, John F. Wilhelms, Alan N. Jordan, Dr. S. P. Fetter and George A. Goodman. The three hold-over directors are William Altman, Salen Shaw and William Briggs. A meeting will be held in a few days to perfect an organization.

## Editor Lappin Here Sunday

The members of the First Christian church and Sunday School are manifesting much interest in the coming of S. S. Lappin, editor of the Christian Standard, of Cincinnati, who is to occupy the local pulpit at all services Sunday.

Editor Lappin is one of the highest men in the Christian church brotherhood and is no stranger to the people of this city. He is an eloquent pulpit orator, a man of strong convictions, whose fluent pen has impressed thousands of men and women who are interested in the success of the church of their choice. Editor Lappin will teach the Sunday School lesson to the large adult class and at the close will probably make a short address to the entire school.

His subject for the morning service will be "Christianity at Work," while in the evening his subject will be "The Friend of Sinners." The services at night will be evangelistic. Those who attend these services will not only be edified, but will carry home with them something to remember for years to come. Editor Lappin is well versed in all phases of the religious question and is here at a loss for eloquence to give home and church his arguments. The public is most cordially invited to hear him.

## Will Give Dance

The band committee of Portsmouth council, Knights of Columbus, will give a dance and card party at the Ben Hur hall, Wednesday evening. The Columbia orchestra will furnish the music.

## REVIVAL A SUCCESS

Rev. Clayton S. Brooks writes from Detroit that he has met with much success in the revival he started in that city last Sunday.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Epsom Salts from any pharmacy here, take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the fine grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine. If it no longer irritates, thus ending bladder trouble.

Epsom Salts is inexpensive, harmless, pure, and makes a delightful effervescent lithia water drink.

If you must have your meat every day, eat it, but flush your kidneys with saline occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

## THREE ARE BADLY HURT WHEN DEVER MACHINE GOES OVER A HIGH BANK

Three persons were badly injured and one was painfully bruised in a serious automobile accident which took place just west of Scitoville at 7 o'clock Friday evening when Ray Dever's machine suddenly swerved off the road near what is called the Narrows, and plunged down a steep embankment. Those injured were Ray Dever, owner of the machine, who was at the wheel, Mr. and Mrs. William Cottle of Rhodes avenue, New Boston, and Miss Elizabeth Cottle of 2344 Eighth street, this city.

### List of The Injuries

Mr. Dever suffered the dislocation of his left elbow, his left forearm was broken and he suffered multiple bruises about the head and face. He was in an unconscious condition when removed to the Hempstead hospital.

Miss Elizabeth Cottle had a deep cut inflicted in the muscular part of her left arm, her face was bruised and left wrist was fractured.

William Cottle, who operates a restaurant in New Boston, had three ribs on his left side fractured and he suffered painful contusions and cuts caused by fragments of the demolished windshield, which fairly showered the occupants, who were pinned under the machine.

Mrs. Mary Cottle, wife of William Cottle, sustained minor injuries and was able to go to her home immediately after the accident. Cottle and Dever and Miss Elizabeth Cottle were hurriedly conveyed to the Hempstead hospital, where their injuries were looked after by Drs. J. W. Hutchens, S. S. Halderman, D. A. Berndt and W. W. Smith.

### Car Turned Over Twice

According to Ray Dever's story of the accident it resulted from the lights of the car going out. When Dever attempted to locate the trouble without reducing the speed of his car it suddenly shot off the road and actually turned over twice, according to stories told at the hospital by occupants of the machine.

Mr. Dever stated that he had had trouble with his lights just before pulling into Wheelersburg. He succeeded in locating the trouble without stopping the car and when they went out the second time he thought he could do the same thing, but owing to the narrowness of the tarmac just west of the Star Yards the machine left the road and was badly wrecked and its occupants were injured. One of the front wheels of the car was almost torn off, the windshield was shattered, both lamps broken and the fenders bent out of shape. Those who examined the car last night after the mishap stated that the engine was in good condition.

### Were Returning From Ironton

Mr. Dever and party motored to Ironton Thursday and spent several hours with Mrs. Sarah Hartley, aunt of Mr. and Mrs. Cottle, and who lives on Mulberry street in Ironton. Having a business engagement in New Boston last evening Mr. Dever drove his car very rapidly on his way back from Ironton. He admitted as much at the hospital and took all the blame for the accident.

Since joining the ranks of the motorists all luck has certainly pursued Mr. Dever. Three weeks ago his Ford touring car was burned up and Friday his new machine was wrecked in an accident.

### HELP COMES QUICKLY

When Hyomel is Used For Head Colds, Catarrh or Croup

When your head is all stuffed up, causing you dull headaches, difficult breathing, constant sniffling, and you feel generally miserable, there is nothing quite equal to Hyomel to give quick, effective and lasting benefit—yet perfectly harmless, simple to use and inexpensive.

To get quick and certain relief from catarrh or a cold it is most important that the medication goes directly to the inflamed tissue lining the air passages. That's the Hyomel method. Just put a few drops of antiseptic Hyomel in the inhaler that comes with every complete outfit, and breathe it—you will feel better at once. It clears the head, quickly relieves the tightness in the chest and that choked-up feeling, all disagreeable nasal discharges, watery eyes and dull headaches surely cease.

So certain is Wurster Bros. of the curative powers of Hyomel for catarrh, croup, asthma, and similar diseases, that he sells it on the "No-cure-no-pay" plan.

ago his Ford touring car was burned up and Friday his new machine was wrecked in an accident.

Mr. Dever resides on Munro's Run near New Boston. It will be recalled that his father, Kendall Dever, died October 3, 1913, and his mother, Mrs. Matilda Dever, died two days later.

Immediately after the accident last night a rumor got started that two of the occupants had been killed and relatives and friends of the occupants besieged the Hempstead hospital with telephone calls.

It was stated Saturday that Mr. Dever and Miss Cottle will be able to leave the hospital in a few days.

### New X-Ray Machine

Dr. Harry Schirrmann Friday received a new X-ray machine, which is one of the most complete made in this country.

## WILL BLOCK PASSPORT FAKIRS

Washington, Nov. 14—New rules to balk attempt by foreign secret agents to obtain American passports for use abroad were in effect today through an order signed by President Wilson. An announcement by the state department, outlining the new regulations, said the department had been informed "of several cases in which aliens holding themselves out as native American citizens have obtained, or attempted to obtain, American passports for the purpose of espionage or otherwise in foreign countries."

## SOCIALISTS SPENT NOT A CENT

T. J. Coe, defeated Democratic candidate for county clerk, filed his expense account with Clerk Distal of the board of elections Friday afternoon. It shows no receipts, and expenditures of \$72, \$50 of which was a contribution to the Democratic county committee.

It cost Fred Landerman and Byron C. Fair, Socialist candidates for congress and state representative respectively, nothing to make their campaigns, according to their statements, filed Friday afternoon.

## President In N. Y.

New York, Nov. 14—President Wilson arrived in New York from Washington at six o'clock this morning and went immediately to the home of Colonel E. M. House, whose guest he will be today and tomorrow. Accompanying the President were his daughter, Miss Margaret Wilson, and his naval aide and physician, Dr. Cary Grayson. The President planned to return to Washington at five o'clock tomorrow afternoon.

## Cars Hit Rock

Cleveland, O., Nov. 14—J. D. Rock is lying in a hospital as a result of injuries he received in two accidents early today. He was struck by an automobile said to contain joy riders, and knocked into a street car track, where, before he regained consciousness, he was struck by a car.

## BOMB FOUND

New York, Nov. 14—A bomb somewhat similar in construction to the one that wrecked the entrance to the Bronx county courthouse last Wednesday night, was found today in the Tombs court room, just under the district attorney's office, occupied by Governor-elect Whitman. The room was crowded. The bomb contained gunpowder, shrapnel and bullets. Its fuse was partly burned. George L. O'Connor, a policeman, saw smoke from the burning fuse of the bomb, ran to the spot, picked up the missile, tore off the fuse, and carried the bomb from the court room.

### Goes To Florida

Carson Gordon, a local B. & O. S. W. yard switchman, who secured a six months' leave of absence, left with his wife and young son, Master Scott, Friday on a prospecting trip to Jacksonville, Fla.

### Were On A Visit

Gus Klein, a former Portsmouth citizen, now chief of detectives in the Southern Railway terminals at St. Louis, arrived here with his wife Friday for a visit to relatives and old friends.

# Get Your SHARE

You can share in the earnings of this strong and safe Company if you will invest your savings and surplus in its stock. Our stock is commonly known and perhaps better understood as "Building Association Stock." By acquiring a Certificate of Paid-Up-Stock or a Running Stock Book you will participate in the division of the profits earned.

Certificates of Paid-Up-Stock are issued when \$100.00 is paid in as that is the denomination and value of our shares.

Running Stock Accounts may be opened by subscribing to the number of shares desired and paying 25¢ per week on each share until the stock is fully paid up.

Certificates and Running Stock Accounts draw the same rate of dividend.

### MEMBERS

The owners of stock in a Company like The Royal are known as members. All members are on an absolute equality with every other, be the investment large or small. We have no preferred members.

### ARE PROTECTED

Royal members are protected by the fact that all loans are made on First Mortgage on Real Estate. One of the best securities on earth is a first mortgage on the earth itself. The burnt bricks from the ruins of Babylon show that it was the favored security for loans four thousand years ago. The same holds true today.

### VALUE PERMANENT

The value of our mortgages do not decrease because real estate is the most permanent thing we have. Loans are not made to exceed two-thirds of the value of the real estate as fixed by our experienced and trustworthy appraisers who go and inspect every piece of property offered as security.

### FIRE PROTECTION

Fire insurance policies are required on all buildings on which we have loans and these are endorsed "payable to the Royal Savings & Loan Company as its interest may appear."

**The "Safety First" principal is the guiding star of this Company's operations.**

### GROWING SURPLUS

Royal members are further protected by a large and growing surplus fund. It stands between them and any loss. The law says that our Reserve Fund can be used for no other purpose than to pay losses. This fund is growing and gives ample protection.

### CAREFUL MANAGEMENT

Royal members are protected from loss by the careful and conservative management. The officers of The Royal are always mindful that they are handling money belonging to its patrons and that it must be invested safely. The officers and directors are all successful men in their lines of business and look after business of the Royal with the same ability and degree of carefulness as their own.

### WHAT STATE EXAMINERS SAY

In the report of the last examination of our Company made September 8th, 1914 the examiners made the following statement: "This association is well managed and has efficient officers and directors."

**THE PRESENT DIVIDEND RATE IS SIX PERCENT**

### EARNINGS PAID TWICE A YEAR

The earnings or dividends on Royal stock are paid twice a year, or semi-annually. This fact that we pay dividends twice a year, each January and July, is no small item. It gives you the use of the six months earnings and this is appreciated by our many patrons.

### NEXT DIVIDEND TIME

Our next dividend period is January 1st. Will you share in it? You can if you will place your money with the Royal. Dividends are figured from the day money is received so it is not yet too late to share in our earnings for this six months.

Bring in the money that is not earning you anything.

Your account will be welcome, appreciated, and protected.

Our office is open each week day from eight o'clock in the morning until five o'clock in the evening, except Saturday when we close at twelve o'clock. On Tuesday we are open until nine o'clock in the evening.

WE ARE EXPECTING YOU.

# ARMISTICE DECLARED IN MEXICO PENDING ANOTHER CONFERENCE

Mexico City, Nov. 14.—General Lucio Blanco, one of the commissioners named by the Aguas Calientes peace convention to confer with General Carranza, stated last night that Generals Carranza and Villa had agreed upon a suspension of hostilities until November 20, when the Aguas Calientes convention will reconvene and either ratify or nullify the election of General Gutierrez as provisional president.

General Pablo Gonzalez is expected to arrive here early today from Aguas Calientes. He will hold a short conference with the convention's commissioners, Generals Blanco, Obregon, Huay, and Villareal. After this meeting General Gonzalez will proceed to Orizaba, to confer with General Carranza.

The war department and the four generals representing the Aguas Calientes convention express the belief that there is still a chance for a peaceful settlement of the difficulties.

The students in the federal district are preparing for an immense mass meeting and a parade in celebration of the coming evacuation of Vera Cruz, which the government papers say will occur soon.

Various labor organizations have called upon the Carranza government to raise the wages of laborers, as well as the temporary the tramway employees who have been working under government

orders since the national authorities took over the operation of the lines because of a strike. The men have received an increase of 25 per cent in wages under the government operation. An increase of 100 per cent is asked for. The affiliated labor organization say that a general strike will be called if the government does not heed the request.

## Carranza To Fight, Is Report

New York, Nov. 14.—The Mexican bureau of information here, which recently has given out several statements regarding Mexican affairs emanating from sources favorable to General Carranza, announced yesterday that it had received an official statement from Isidro Fabela, Mexican minister of foreign affairs at Mexico City, declaring that war is to be waged against General Villa and his followers, as well as the temporary government named by the Aguas Calientes convention.

## 1ST BAPTIST REVIVAL

Another splendid congregation attended the revival services at the First Baptist church Friday evening, which was one of the most effective of the series of meetings now being held. Rev. T. H. McAfee delivered a forceful sermon on the subject, "No Peace For The Wicked."

No meeting will be held Saturday evening, but the revival services will be resumed Sunday evening and continue until Wednesday evening, when the meetings will come to a close.

## EXHIBITION A SUCCESS

The exhibition of antiques given in the basement of the Carnegie library by the Daughters of the American Revolution, closed Saturday. It was one of the most interesting exhibitions of the kind ever held in the city. The committee in charge stated Saturday that it was well pleased with the cordial manner in which the public received the exhibition.

## Going In Autos

The committee in charge of the Elks' trip to Ashland Thursday, November 19, held a meeting Friday night and decided to go to Ashland in automobiles instead of getting a special train.

Probably twenty machines will make the trip and will start from the Gallia square at 1 o'clock. The Ashland Elks will observe Visitors' Day next Thursday and Elks from all the surrounding cities will flock there to attend the festivities.

## O. S. U. CELEBRATION TO BE AT MARTING HOME

At a committee meeting here arrangements were made to observe Ohio State Day in the city on the night of November 25, at 7 o'clock at the home of Ralph Marting in Sunnyside. Anticipated evening's entertainment will include an elaborate banquet. Not only are graduates of Ohio State University to be the guests of the evening but any one who has ever attended Ohio state or Ohio Medical University at Columbus, Ohio, College are eligible to participate and live at the hotel.

An effort will be made to have Prof. Geo. W. Rorer, who attended the first Ohio state day at Santa

## Over 50 Years of Successful Service

**T**HE First National Bank of Portsmouth, O., again and again points with particular pride to over 50 years of Successful Service to our people as evidenced by a growth in Resources during that period of MORE THAN 4,000 per cent and in number of depositors of MORE THAN 1,000 per cent.

### STILL MORE SUCCESSFUL SERVICE

Under the new Federal Reserve System, of which The First NATIONAL Bank of Portsmouth is a Member, it can offer to its people still safer service—still more successful service in the future than it has in the past 50 years of its history. Under the National Bank act, there were what is known as 47 Reserve Cities and three Central Reserve Cities—the latter being New York, Chicago and St. Louis. Every NATIONAL Bank in the last named Cities was a Central Reserve City Bank. Every NATIONAL Bank member must carry a certain sum in Reserve. Part of that Reserve Fund has been kept in its own Vaults. Part of it has been deposited in the NATIONAL Banks designated by the Government for this purpose. The consequence has been in the past that these Reserves have drifted into New York City. To such an extent had this developed that at one time over ten New York City Banks carried the accounts of over one-half of all the Banks in the country. New York has always been the financial storm center of the country. Every big financial flurry in the last fifty years has started there.

### NEW YORK CITY NO LONGER THE HOPPER

New York City is no longer to be the hopper into which the money of the country will be poured. The United States is divided under the new Federal Reserve Act into 12 Regions, in each of which there is a Reserve Bank, where Member NATIONAL Banks will carry the proportion of their Reserves provided by law and to which Federal Reserve Bank they can go for help whenever they need it. The country will no longer be affected by local New York City conditions. Our own money will be in our own region for the use of our own people. New York rumors will no more affect us. Our money will not be in New York. The First NATIONAL Bank has always carried its reserves as required by law where they were ABSOLUTELY SAFE, and UNDER THE NEW BANKING LAW THEY WILL BE CARRIED WHERE THEY WILL BE MORE SERVICE-ABLE TO YOU.

### THE SENTINEL OF SAFETY

Like a Sentinel standing over the safety of YOUR money stands our great building at the Corner of Gallia and Chillicothe Streets. Here you can bring that money whether it be a dollar or thousands of dollars any day from 9 A. M. to 3 P. M. and on Saturdays from 9 A. M. to 12 Noon. 50 years of Supreme Safety have built for us the biggest Bank Building in Scioto County.

PORTSMOUTH, OHIO.

**Capital and Surplus . . . \$450,000.00**  
**Resources Over . . . \$3,000,000.00**

Summing up over half a hundred years of successful banking The First NATIONAL Bank of Portsmouth attributes its great success to the fact that it has correctly understood and properly interpreted in actual practice the meaning of that one word SERVICE.

### AN INVESTMENT NOT AFFECTED

A First NATIONAL Savings Account is an Investment that is not affected by the Stock Exchanges. Stocks and other securities flutter up and down on the Exchanges. They may drop so much that no matter how high your rate of interest may be your principal has gone down to such an extent that you suffer a loss—and a very big loss. And when the Stock Exchanges close you cannot market your listed securities at all. But a First NATIONAL Savings Account never "flutters." It is fixed certain, sure—always and ever an investment that is worth 100 cents on the dollar. And it is an investment that you can cash at any time—cash without loss—cash without paying commissions—cash in hard times—cash in war times—always and ever for 100 cents on the dollar. Can you say that of any other form of investment in the world?

### WHAT IS BACK OF YOU HERE

Do you know what stands back of your investment in a FIRST NATIONAL Savings Account? Let us tell you. Back of your money in a FIRST NATIONAL Savings Account stands the biggest Bank in Scioto County with Resources of over \$3,000,000.00. The FIRST NATIONAL Bank of Portsmouth is a member of the Federal Reserve Bank at Cleveland. Joined in the System with the Federal Reserve Bank at Cleveland are ALL the Federal Reserve Banks in the United States. All Federal Reserve Banks are under the general supervision of the Federal Reserve Board. It is doubtful if in the history of the world greater safety was ever afforded people who keep their money in a First NATIONAL Savings Account. Over and over and over again we say it with YOU—take this to yourself—SAFETY IS THE ONE GREAT, MOST IMPORTANT THING IN THE WORLD. CARRY EVERY DOLLAR OF YOUR MONEY IN THE FIRST NATIONAL BANK OF PORTSMOUTH. A MEMBER OF THE FEDERAL RESERVE BANK AT CLEVELAND.

### FOR YOUR ACCOMMODATION

Again—SERVICE! To serve you who cannot find it easy to call in the day, you can bring your money here any Tuesday evening between 6 and 9. Bring it! Never mind if it is only \$1.00. Bring it. Let nothing shake your resolution to begin AT ONCE YOUR First NATIONAL Bank Account. 50 years of Successful Service have made us the biggest Bank in Scioto County.

### ROCKY FORK
